Dear Mayor Walkup:

Southwest Building Materials of Tucson, LLC wholeheartedly supports the efforts of the 162<sup>nd</sup> Fighter Wing Minuteman Committee in its mission of championing Tucson International Airport as one of this nation's premier fighter pilot training installations and as a pilot training site for the next generation of U. S. Air Force fighter, the F-35.

The Arizona Air National Guard has long served this nation as a pilot training center and this community as a powerful economic force. The 162<sup>nd</sup> Fighter Wing's adds \$280 million to the local economy and employs about 1,450 Tucsonans. This positive impact cannot be overstated. The advantages of pilot training in Arizona, its consistent weather, its ranges and its existing military aviation infrastructure, are clear. Equally important is the community support for the continued role of the Guard and its mission. We look forward to the base's future prosperity.

Thank you for the opportunity to provide input for this very important and effective partnership.

Sincerely,

Marshall Brown  
Vice President
